

AR55

Electric Scrubber

Specifications

Manufacturer		ALVOX
Model		AR55
Cleaning path	mm	550
Squeegee width	mm	800
Brush diameter	mm	550
Dimension	mm	L1190*W640*H1010
Solution / Recovery tank	L	55/60
Vacuum motor	W	500
Brush motor	W	550
Productivity	m ² /h	2500
Working hours	h	4-5
Battery	V/Ah	24/100
Self weight (with battery)	kg	140
Lithium battery	V/Ah	24/100 (Option) 

ALVOX

MACHINES

Advantages

- 1 Low decibel, suitable for noise sensitive working applications.
- 2 Large brush and water tanks to improve the cleaning efficiency significantly.
- 3 High quality maintenance free battery to provide 5 hours continues working with single charging.
- 4 Ergonomic and humanized design: quick disassembled and self-fitting brush design; crash proof side roller fittings; squeegee blade easily to be replaced with simple pulling out; solenoid valve auto watering system.
- 5 Multi-functional display with battery indicator, water-level alarm light.
- 6 Adjustable working position and pressure of brush and V shaped squeegee to meet with different working applications.
- 7 PE Material Body to ensure durability; Non Marking rubber tyres.
- 8 Easy operation for users with simple instructions.

AR56 

Electric Driving Scrubber

Specifications

Manufacturer		ALVOX
Model		AR56
Cleaning path	mm	560
Squeegee width	mm	830
Brush diameter	mm	560
Dimension	mm	L1265*W600*H1030
Solution / Recovery tank	L	70/75
Driving motor	W	550
Vacuum motor	W	500
Brush motor	W	550
Working speed	m ² /h	0-10
Gradeability	%	18
Productivity	m ² /h	3350
Working hours	h	4-5
Battery	V/Ah	24/100
Self weight (with battery)	kg	220
Lithium battery	V/Ah	24/100 (Option) 

ALVOX

MACHINES

Advantages

- 1 Electric driving to offer high efficiency. Rear-driving motor system allows more gradeability.
- 2 Low decibel, suitable for noise sensitive working applications.
- 3 Large brush and water tanks to improve the cleaning efficiency significantly.
- 4 High quality maintenance free battery to provide 5 hours continues working with single charging.
- 5 Ergonomic and humanized design: quick disassembled brush design; crash proof side roller fittings; squeegee blade easily to be replaced with simple pulling out; solenoid valve auto watering system.
- 6 Multi-functional display with battery indicator; visible water pipe outside to judge the tank water in the correct level
- 7 Adjustable working position and pressure of V shaped squeegee to meet with different working applications.
- 8 PE Material body to ensure durability; Non Marking rubber tyres.
- 9 Easy operation for users with simple instructions. Emergency stop button to ensure the safety driving.
- 10 1265mm length compact size with small turning radius improves the great advantages in narrow area applications & normal elevators.
